ABOUT TRADETERMZ™

TradeTermz™ is an Inventory Purchasing Program that provides you the opportunity to buy additional goods from your suppliers. Curve™ pays mutually agreed upon suppliers 100% of the vendor invoice after shipment or by Letter of Credit prior to shipment allowing you to take advantage of volume pricing and giving you up to 90-day repayment terms so you can purchase your inventory now and pay for it later. The TradeTermz™ alternative maximizes your purchasing power and ability to meet the growing demand for your products. TradeTermz™ complements your existing lending relationship with financial institutions and can lead to greater credit availability.
